

OUTLINES FOR PLANS FOR LABOR CONGRESS CALLED FOR CHICAGO

(By Associated Press)

SAN FRANCISCO, Jan. 7.—An outline of the program to be followed at the labor congress to be held in Chicago on January 14, was made public here today. The statement, issued by Edward D. Nolan, secretary of the International Workers' Defense League, and also one of the defendants in the Thomas J. Mooney bomb case, reads as follows:

"After consulting with large industrial centers by wire of Seattle and vicinity, Boston and vicinity, New York and vicinity, the general expression of the labor movement seems to be that the policy of the labor congress will be to deal primarily and specifically with the Mooney case and this expression is borne out by the vast majority of communications, both telegraphic and by mail, notifying the International Workers' Defense League of reasons effecting the policy of the congress as outlined in letters. It seems to be the consensus of opinion that such measures as reconstruction and different kind of labor parties will not be considered by the congress unless the congress decides itself to reconvene to take for consideration issues outside of the Mooney case.

"From information at hand, the proposals dealing with the subject matter of the Mooney case group themselves under three headings:

"First, United States federal government intervention to protect the constitutional rights of the defendants and all citizens. Under this head it is proposed that the congress elect a committee to submit plans to the congress embodying the most effective means of presenting the entire legal situation, as it exists in California, to the congress of the United States and the president and to urge that President Wilson and congress instruct the United States Attorney General Gregory to cause the issuance of habeas corpus writ for both Mooney and Billings, the same to be returnable in the federal courts, preferable outside of California.

nia, owing to the heated partisanship feeling now existent in California.

"Second, among the propositions being considered can be headed publicity, and it is proposed to extend the already wide-spread publicity in the cases with a view to enlighten all classes of citizenship in America and the world on the facts at issue, and in this manner to point out the defects and abuses present in our system of prosecutions both criminal and civil.

"Third, is the question of the use of the strike weapon in order to cause nation-wide attention to the abrogation of constitutional rights of

VICTOR OVER CHINESE DRAGON

American-Made Motortrucks Are Winning Way to Popularity in Land of Conservatism.

Way back before the year 1 they used to build high stone walls around the cities in China to keep out the exponents of civilization. Today they are tearing down these walls, breaking them up into fine pieces, and using them to build highways that will enable their now progressive government to make the best use of the American-made motortrucks which China is beginning to utilize.

This is, perhaps, as striking a comment on the economic and political changes that are taking place within this interesting country as has come out of China in a long time. The credit for such progressive policies is given in the main to Dr. George E. Morris, famous explorer and political adviser to the Chinese republic, an exchange states. Doctor Morris has succeeded in substituting a lot of new American ideas for the superstitions and conservatism of the one-time "heavenly Chinese." And now it is the motortruck that has gained his championship.

A considerable number of trucks are now in use in China, and they are doing everything required of them with remarkable efficiency, in spite of the difficulty of securing skilled drivers and competent mechanics in that part of the world.

trade unionists in California. This question of the use of the strike weapon is mentioned and dealt with in letters and telegrams being received concerning the congress, and election of delegates to the same.

In order to perfect the plan to put the general strike in effect, if no other remedy is available, the congress will consider the appointment of a committee representative of every industry and they in turn elect representatives to central executive committees, and this central committee to submit general plan to the labor congress for adoption; the congress then to elect a committee to attend the American Federation of Labor convention and present the whole subject matter both of federal intervention and any other policy that may be then apparently needed, and finally the general strike, when all other relief is exhausted.

"The international situation also looms up as an issue of moment for the labor congress. The Italian labor mission is due in San Francisco in a few days under instruction from their country to make a report on the Mooney case.

"A tabulated statement of delegates already elected shows that about 250,000 organized workers are so far represented by delegates."

STRENGTHENING TIE OF NORWAY AND U.S.

(By Associated Press)

CHRISTIANA, Jan. 7.—To strengthen the business relations between Norway and the United States, a movement has been set on foot here for an exhibition of Norwegian and American mercantile products to be held in Norway during the autumn of 1919. It is being backed by a large number of corporations having business relations with America.

CURTAINS OUTPUT OF NEVADA COPPER

Owing to the fact that the supply of copper on hand is long and the demand short, the Nevada Consolidated Copper company, like all other big copper producers, has found it necessary to restrict its output, and during the present week shut down two sections of its milling plant at McGill and it is rumored that still further reductions will be made in the near future. The closing of two sections at the mill also caused the laying off of a number of men in the open pit work at the mines, and the elimination of two ore trains. In all several hundred men are now out of employment and will be compelled to seek employment elsewhere.

Rumors are current that the Consolidated Coppermines mill at Kimberly will be closed down within a few weeks and that all work at the Morris line will be discontinued temporarily, but that work at the Grouse will be continued and that shipments of ore from that section of the deep mines will be increased rather than diminished.

It is stated that a 40-per cent reduction will be made in the output of the Utah Copper company, which will throw 2000 men out of employment at Bingham, Arthur and Magna. Similar reductions are being made at Butte and at all of the mines in Arizona. A number of smaller producers, such as the Shannon of Arizona, have been closed down altogether, and will remain closed until after the reconstruction period has passed.

The letting out of a large number of men in the Elly district will prove a severe loss to all business interests.

HUNDRED DEATHS BY TRAIN ROBBERS

(By Associated Press)

VERA CRUZ, Mex. Jan. 7.—More than one death, according to unofficial estimates, resulted from the latest attack by rebels on a Mexican railway passenger train from the capital to Vera Cruz. The rebels wrecked the exploring train, carrying an escort of 80 soldiers, but the passenger train, which was following, was warned soon enough to back out of danger to Camaron, near which station the attack was staged.

Reinforcements drove away the rebels, but only after thirty federal soldiers, but under present conditions this is inevitable and is in line with every other manufacturing district in the country. How long these conditions will last cannot be foretold at the present time, but the best financiers and business men of the country are of the opinion that business conditions will be adjusted to new regulations within six months.

ASSESSMENT NOTICE

GOLD ZONE DIVIDE MINING COMPANY—Location of principal place of business, Tonopah, Nye County, Nevada. Location of works, Gold Mountain, Esmeralda County, Nevada. Notice is hereby given that at a meeting of the Board of Directors held on the 26th day of December, 1918 an assessment No. 4 of one (1) cent per share was levied upon the capital stock of the corporation, payable immediately in United States gold coin to the Secretary, at the office of the company, room 319 State Bank Building, Tonopah, Nevada. Any stock upon which this assessment shall remain unpaid on the 31st day of January 1919, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on Wednesday, the 14th day of March, 1919, to pay the delinquent assessment, together with costs of advertising and expenses of sale.

By order of the Board of Directors
F. A. BURNHAM, Secretary
Tonopah, Nevada

soldiers, eight women camp followers and other unidentified persons had been killed. Seventy rebels are said to have fallen.

The same day a band of outlaws under Marcelo Caraveo attacked Jalapa, former capital of the state of Vera Cruz, but were driven off. Before attacking Jalapa the rebels robbed a train en route to that city.

Location notices proofs of labor certificates of location, for sale at the Bonanza office.

IMPORTANT NOTICE

To Secretaries of Corporations Doing Business in Nevada But Incorporated in Other States
NOT TOO LATE TO SAVE \$100 PER MONTH

SECTION 1.—All foreign corporations doing business in the State of Nevada shall, not later than the month of March in each year, beginning in the year 1914, publish a statement of their last year's business in some newspaper published in the State of Nevada. If published in a daily newspaper, such statement shall be published for a period of one week, or if published in a semi-weekly or tri-weekly newspaper, for a period of two weeks; or if published in a weekly newspaper for a period of four weeks.

SECTION 2.—The secretary of the company publishing the statement shall file a copy with the assessor of each county of the State of Nevada, in which said company is doing business.

SECTION 4.—Any district attorney in the state is competent to sue to recover the penalty, or the attorney general. The first county suing through its district attorney shall secure the penalty, and if no suit is brought for the penalty by any district attorney the State shall have the right to recover through its attorney general.

THE TONOPAH DAILY BONANZA WILL MAKE PUBLICATION REQUIRED BY LAW, WHICH INCLUDES THE FILING OF A SWORN AFFIDAVIT OF PUBLICATION WITH THE ASSESSOR OF EACH OF THE COUNTIES OF THE STATE, WITHIN WHICH THE COMPANY IS DOING BUSINESS; AN AFFIDAVIT OF PUBLICATION WILL ALSO BE FURNISHED SECRETARIES.
